## 2. Rapporter

### 2.1. Studentkåren rapporterar

- Högarv – we are looking for company hosts and volunteers
  - o Help the company for the day, talk to them, get breakfast and lunch from kåren, get a goodie bag as well. A good opportunity, tell your friends to join. It is a volunteer work, no monetary compensation
- What did you think about the welcoming? What should we do again next year?
  - o The students weren't interested in what the people on stage were saying, would be more interested if LF would be at the center of the welcoming. Was hard for rookies to get to Västerås,

the busses were late. Would be good if the LF could be at the stage and show their dances. No interest for some students to be at the companies

- Reception open regularly again after the rookie period, it opens Wednesday and Thursday 10-14 in J3
- Become student representatives so you can represent your fellow students at different councils – and get paid. Would be great to have more SR from Eskilstuna. Sit and discuss with councils, talk to them if there is a problem that you think they should bring up.
  - o Kåren should advertise it more to new students – we do but we definitely should advertise more
- Meeting on 3<sup>rd</sup> Oct that they should attend. Mandatory for LF to send representatives
  - o Too early to have the meeting at 16, some have classes – the rector is joining, since it is hard to arrange a later time and since the last bus to Eskilstuna is at 18, we have no other option
  - o Check your teams and register
- Studerandeskyddsombud is needed. Similar to SR but you represent the study environment (e.g if something can be fixed, the library is too noisy, etc)
  - o Work more with putting up posters about these stuff
- J3 is closed for LF night events, so far what I can offer is to open if you have day events only till 21:30 maximum.
  - o Is there any work on finding a solution for that? We are working on it, had meeting with the kommun – we need it to be renovated and it costs around 7 million SEK. All of us need to fix it.
    - Even if we do open it, we need to work on opening it after 21:30. Renovating is a long term goal
    - Is it possible to hire a position whose job is to open and close J3?
      - LF are willing to volunteer under kåren - want to 'work' under kåren but won't be getting paid for it. They want maybe a group of 6 people (eg 2 from MABVE, 2 from Trippel I, 1 from sexet) so they share the responsibility
    - Shervin said they can be here, drink and have food (can have LF pubs) if the group thing works when we talk to the kommun next week
- Jirik, who owns G6 now, is planning a halloween party at G6, we were thinking of hiring busses to get people from Eskilstuna to Västerås so it is a big event.
  - o They would be interested, 2 double decker busses were used last time. It is all about timing with the marketing
  - o Many are excited to meet Västerås people but the Halloween party there is always one here in Eskilstuna, if those 2 collide then no one will show up (sexet is planning a Halloween party)
  - o Important that the info goes to both cities so all have it
- Sjöslaget – does kåren provide a bus?

- o No, MI provides busses to sjöslaget from Eskilstuna, this year PPM has busses from Västerås

## 2.2. (ELSA) rapporter

Not active

## 2.3. (Sexmästeriet) rapporter

- Tomorrow they have an ovveinvigning, starts at 5. Will have J3 from 6-9:30. They will go to pitchers after – kåren will hire a cleaning company and send the faktura to sexet
- Planning a Halloween party in November but since we can't open J3 for long, which local can they be in? they need kåren's help in finding a suitable lokal
- LF pubbar: is kåren responsible for it – yes. They usually had it once a month.
  - o Förslag: Trippel I has it this month, MABVE has it next month. They would prefer to have it on Fridays
- If the LF prepare the LF pubs and kåren does not, they don't see the point in having kåren's logo as well when they advertise the LF pubs
- Shervin: Can they reconsider the 25k? We want to give money to LF for improving the quality of the student life.
  - o (No one who is actively in sexet was there, only a vikarie) If they don't want to use it, can they distribute the money to help other LF? No, the LF needing money asks kåren
- Others think maybe sexet should take over LF pubs and responsibilities for the keys.

## 2.4. (ALF) rapporter

- Have had changes inside the board. Erika is taking over as chairman

## 2.5. (BEWARE) rapporter

Did not attend

## 2.6. (Esekon) rapporter

- Planning activities, haven't planned anything specific yet but are on the way

## 2.7. (iDesign) rapporter

- Will be having their styrelsemöte on Tuesday and choose new members

## 2.8. (Innovare) rapporter

Did not attend

### 2.9. (MI) rapporter

- Ovvepimp yesterday

- Tentamenspubb

- Later on 23 november they have studentsoffan i Västerås – will travel to Västerås and collect as many engineers as they can, then go to some companies (the companies already paid for it and have organised themselves) - like an opposite högvarv. Mingle with companies, be there and create contacts with them. They think it would be great if there would be no LF pub the day before.

### 2.10. (Morsan) rapporter

Did not attend

### 2.11. (VIPS) rapporter

- Had the ovvepimp, went quite well. Had few people who asked questions

- No chairman at the moment, planning their yearly meeting to find some more members

## 3. Ärenden

No cases

## 4. Beslutsuppföljning

## 5. Övriga frågor

- Strukturmötet last year – there will be a bigger change in the academies, so the things that were discussed at that meeting won't be taking place yet.
- MI: For the past 2 years they've used orbi to market events and stuff, kåren used it too, but aren't using it anymore. It would be nice if kåren would say that to the LF so they have everything on one app. Hitract contacted them and they had a meeting with them but they haven't gone back to them yet. Would have been nice if kåren had said that sooner so the LF can make changes too so that they're on the same page.
- Ovveinvigning: rookies have tenta tmr so they will be here a bit late. I should be here 6:15
